- (a) Credit record;
- (b) Consumption;
- (c) Level of service;
- (d) Previous breaches of agreements for the payment of arrears in instalments; and
- (e) Any other relevant factors.

9.12.7 Should a consumer fail to comply with an agreement for the payment of arrears in instalments, the total of all outstanding amounts, including the arrears, any interest thereon, administration fees, costs incurred in taking relevant action, and penalties, including payment of a higher deposit, will immediately be due and payable, without further notice or correspondence.

9.12.8 A consumer may, in the sole discretion of the Head: Income, be allowed to enter into a new agreement for the payment of arrears in instalments where that consumer has failed to honour a previous agreement for the payment of arrears in instalments, entered into after the receipt of a discontinuation notice. 9.15 Installation of Prepaid Meter

9.15.1 If required consumers with arrears must convert to a prepaid meter, and the arrears total, will be paid off either by –

- (a) Adding the debt to the arrears bill and repaying it over the agreed period; or
- (b) Adding the debt as a surcharge (auxiliary) to the pre-paid meter cost and repaying it with each purchase of electricity until the debt is liquidated.

9.15.2 The first installation of pre-paid meter is free of charge for indigent and subsidised households; however, this is not applicable for more than one meter per property.

9.15.3 The cost of the conversion must first be paid before the actual conversion can be done.

9.16.2 pre-paid tokens must be inserted into the meter within three months after the purchase date as the tokens can expire after three months and no refund or replacement of the tokens are allowed.

9.17 Employer Deductions

9.17.1 The Council may, enter into a written agreement with any employer within the Council's area of jurisdiction to deduct outstanding rates and service charges or to settle regular monthly accounts through deductions from salaries or wages of its employees.

9.18 Property Rates

9.18.1 Property rates (and other annual levies)

- (a) Where rates, sanitation and availability fees (on vacant erven) are paid on a monthly basis or annually, such payment must be made before the due date for payment. Failing this, interest at the standard rate of 4%, will be levied on the outstanding amount.
- (b) If an account is not paid by the due date as displayed on the account, a notice shall be issued showing the total amount owed to Council.

(c) If an account is not settled or there is no response from the consumer to make acceptable arrangements to repay the debt, summons shall be issued, and the legal process followed.

(d) At any stage while the debt is outstanding, all reasonable steps shall be taken to ensure that the ultimate sanction of a sale-in-execution is avoided or taken only as a last resort. The Council, however, has total commitment to a sale-in execution should the consumer fail to make use of the alternatives provided for by the Council from time to time.

(e) All rate payers will be placed on the annually rates payment arrangement, but on application can be changed to a monthly rates payment.

9.18.2 Monthly Rates

(a) Interest will be charged on all overdue accounts at an interest rate of 4%;

(b) The monthly amount payable for current annual rates will be calculated to allow the total balance of such amount to be paid in equal instalments by the end of that financial year.

9.18.3 Rates Clearance Certificate The following fees must be paid before a rates clearance certificate is issued a)

a) Administration fee (For the supply of any certificate of valuation or of the outstanding charges against the property, including Rates Clearance Certificate).

b) Council will withhold rates clearance certificate with the sale of a property within the municipal jurisdiction until all the rates, services and sundry costs attached to the property and any outstanding is paid, plus an amount equal to four months' rates and service charges will be collected in advance as part of the rates clearance process. The rates clearance remains valid for 60 days from the date of issuing.

c) Council will not accept any written undertaking, except a bank guarantee.

d) In terms of section 118 (1) of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) it is hereby certified that all amount that became due to Kgatelopele Local Municipality in connection with the under mentioned property situated within the municipality for municipal service fees, surcharges on fees, property rates and other municipal taxes, levies and duties during the 2 (two) years preceding the date of application for this certificate, have been fully paid. If, however, there is still an amount outstanding debt on a said property which remains a charge upon the property by virtue of Section 118 (3) of Systems Act and is then deemed to be recoverable from any owner at the time through instituting legal proceedings. Municipal debts include: debts up to 30 years old for property rates, refuse and sewerage charges; and debts up to 3 years old for electricity and water consumption.

e) Section 118 (1) refers to debts incurred within the "two years" prior to the application for a clearance certificate. Such debt must be paid in full, failing which the municipality can exercise a restraint on the transfer of the property until the debt is settled. Such a provision is known as a veto or embargo provision. Section 118 (3), creates a charge over the property in favour of the municipality. In addition, Section 118 (3) gives the municipality a "preferent" right which ranks higher than that of the Bank in respect of mortgaged property.

f) The Municipality can take legal action against the present owner of a property for any municipal debts owing by that owner and any previous owner of that property, provided the amounts have not prescribed and that all by-laws have been complied with. It can include debts up to 30 years old (for rates, refuse and sewer charges) and 3 years old (for electricity and water consumption), including debts of more than one previous owner. Such legal action

would entail suing the new owner for the old owner's debt and attaching and selling the property itself, which stands as security in terms of Section 118 (3).

g) The municipality's right to claim the proceeds of the sale of property trumps the banks right to claim what is owed in terms of the mortgage bond. Consequently, the banks risk assessment of purchasers of immovable property can never be accurately done, as it cannot realistically assess the risk that the purchaser may be called upon to settle the debts of previous owners. If, however, there is still an amount outstanding debt on a said stand, which remains a charge upon the property by virtue of Section 118(3) of the Systems Act and is deemed to be recoverable from any owner at the time of legal proceedings. h) All debt must be recovered (including tenants' accounts) before Clearance Certificates are issued: Owner remains liable for all debt to a property.

9.18.4 Persons and Businesses Who Tender to the Municipality

(a) The Procurement Policy and Tender Conditions of the Municipality will include the following –

(i) Reject any bid from a bidder if any municipal rates and taxes or municipal service charges owed by that bidder or any of its directors to the Municipality, or to any other Municipality or Municipal entity, are in arrears for more than three months, unless an agreement has been made between the supplier and the municipality that the outstanding debt will be paid off in three consecutive months.
